Dear Mr. Stewart:

I hereby certify that my agency has an existing partnership (for 10+ years) known as the Disability Services Agencies (DSA) with the Department of Rehabilitative Services (DRS) serving as lead for IT Strategic Planning and similar project management activities. I hereby delegate my plan certification authority within the Commonwealth agency IT strategic planning system (ProSight) to DRS. If this designation is not agreeable to you, please advise.

I further understand that should the partnership status change, I will immediately contact my agency's designated VITA Customer Account Manager to initiate an appropriate agency IT strategic planning update.

Sincerely,

Joseph A. Bowman
